Multiple payment options include credit card, PayPal, or bank wire transfer. When placing an online order and choosing Wire Transfer as the payment method, wire instructions and bank account information will be customized for each buyer to minimize currency exchange and wire handling costs. Please be sure to include your Payment Reference as instructed so that your payment can be correctly assigned.

Orders can be completed in the currency you choose. Any applicable sales tax or VAT will be added to your order. If you have a VAT number, you can enter this during the purchase transaction. Under Billing Information, click the link for Show more input fields. All information is transmitted using encrypted technology.
